Direct Printing from USB memory

A convenient built-in USB slot lets you plug in a USB memory stick and print data directly from the USB memory without using a PC.

Built-in Wi-Fi®

Built-in Wi-Fi® enables a wireless connection to a network PC, via your local network, without requiring a physical LAN connection. The WPS key permits you to easily configure a wireless network.

Specifications

**Model**: DP-MB251CX

**Recording Paper Size**

- Cassette: A4, A5, LTR, LGL, ISO-B5, Oficio (216 x 330 mm), B5(JIS/ISO), A6, Folio (216 x 340 mm), 16K
- Multi-purpose tray: A4, A5, LTR, LGL, ISO-B5, Oficio (216 x 330 mm), B5(JIS/ISO), A6, Folio (216 x 340 mm)
- Upper tray: Width: 210-216 mm, Length: 279-356 mm

**Recording Paper Capacity**

- Maximum: 1050 sheets (Standard tray: 500 sheets / Multi-Purpose tray: 50 sheets / Optional tray: 500 sheets)

**Software**

- Multi-Function / OCR: Yes / Yes

**Printing Language**

- GDI, PCL6, Adobe® PostScript® 3®

**Print Resolution (dpi)**

- Up to 1200 x 1200 (True)

**First Print Time (sec.)**

- Approx. 8.5

**Duplex Print**

- Yes (28 ppm)

**Copy Speed (A4)**

- 30 ppm

**Copy Resolution (dpi)**

- Up to 1200 x 1200

**Copy Functions**

- Quick ID, N-in-1, Separate N-in-1, Portrait, Image Repeat, Booklet, Edge/Margin

**Scanner**

- Colour Scanning Resolution (dpi): Up to 1200 x 1200 (Optical) / Up to 19200 x 19200 (Interpolated)
- Duplex Scan: Yes
- Scan Functions: Scan to PC / OCR / Email Address® / FTP / SMB / USB

**Facsimile**

- Modem Speed (kbps): 33.6 - 2.4
- Memory Transmission (Pages*6): 200
- Out-of-Paper Reception (Pages*6): 400
- Double Fax: Yes / Yes
- Sequential Broadcast (Locations): 20 x 3

**Fax to Email**

- Yes

**Caller ID Compatibility*7**

- Yes

**Caller ID List Printout**

- Yes

**One-Touch Dialing (Items / Station keys)**

- 6*/3 x 2

**Dimensions (W x D x H mm)**

- 446 x 419 x 440 (Including function unit: 500 x 419 x 440)

**Weight (kg)**

- 14

**Consumables**

- Toner Cartridge: DQ-TCC008E (8,000 pages, ISO/IEC 19752 standard)

**Multi-Function Printer**

- High-speed 28 ppm
- Duplex 30 ppm for Simplex

**Nintendo**

- DS / Wii U / 3DS / Consumer Devices

**Design and specifications are subject to change without notice.**
Quick Duplexing

Printing on one side of the page can be wasteful and inefficient. That’s why these models feature a duplex printing capability. Conventional A4 size multi-function printers invert the pages one at a time, resulting in slow performance and poor productivity. Panasonic multi-function printers come as standard with quick duplexing, making it possible to print both sides at virtually the same speed\(^*\).

\(^*\) Duplex productivity: 93 % (28 ppm)

After printing the back of 1\(^{st}\) sheet, printing the back of 2\(^{nd}\) sheet starts.

After printing the front of 1\(^{st}\) sheet, printing the back of 3\(^{rd}\) sheet starts.

After printing both sides of 1\(^{st}\) sheet, printing of 2\(^{nd}\) sheet starts.

Advanced Features

Secure printing

With Secure Print, you can prevent confidential documents from being leaked by protecting them with very high level security. Print data is password-protected and temporarily stored on your computer’s hard drive. It can be retrieved and printed only when the password is entered on the printer. Plus, there is no limit to the number of pages you can store since, unlike most secure print systems that use memory-based storage, the secure print data is stored on your PC’s hard drive.\(^*\)

\(^*\) Up to 30 jobs can be printed at a time from print data on the hard drive. If there are more than 30 jobs, additional jobs can be printed out after the first 30 jobs have completed.

Secure scanning

In order to make secure document scanning, DP-MB251CX supports scanning with password-protected PDF file. It improves information leak prevention, and secure document management in your office.

Mobile printing

The DP-MB251CX is compatible with the Mobile Print application\(^*\) and Google Cloud Print\(^*\), enabling printing from mobile devices such as tablets and smartphones and giving your business the edge in today’s fast-moving world.

\(^*\) For more details, please visit “http://panasonic.net/pcc/products/aio/app/”.

Internet Fax

The Internet Fax function dramatically increases fax transmission speed. Panasonic Internet Fax capability far exceeds any Super G3 transmission and with Internet Fax, large jobs can be quickly transmitted over the Internet.

LDAP (Lightweight Directory Access Protocol)

The DP-MB251CX supports LDAP which makes it possible for you to use your phonebook on the network. This means you don’t have to separately register or manage email addresses or phone numbers on your device; instead you can consolidate the phonebook management on the network.
