Battery back up for unexpected power failures**Power Back-Up Operation**

During an electric power failure, the power stored in batteries* can be supplied to the base unit. This allows you to make a call with handset even when the power is out.

*Batteries not supplied. 2 AAA (R03) rechargeable Ni-MH batteries required.

Protect calls**DECT Security**

Communications between the cordless handset and base unit are encrypted, and the encryption password is periodically changed to maintain a high level of security.

Other Features

- One Touch Eco Mode
- Noise Reduction Function on Cordless Handset
- Noise Reduction Function for Answering System Sound
- Full Duplex Speakerphone on Cordless Handset
- Customized Sound System (Equalizer) on Cordless Handset
- Caller ID
- Baby Monitor
- Intercom
- Shared Phonebook
- Key Lock on Cordless Handset
- Belt Clip Included

* Requires subscription to Caller ID service offered by your provider/telephone company.

Important

– Safety Precaution: carefully read the operating instructions and installation manual before using this product.

Reduce unwanted calls such as telemarketers**Nuisance Call Block***

You can block specified numbers, numbers that match the first 2 to 8 digits of set numbers and numberless calls. A dedicated call block button also enables you easily register to the call block list.

*Requires subscription to Caller ID service offered by your provider/telephone company. Numberless calls cannot be blocked depending on the service of your provider/telephone company.

Catch answering machine calls whether you are at home or away**Advanced Answering System**

When a new message is recorded on the answering machine, the base unit can alert you with a sound. Furthermore, when you are away, it can send an alert by a call to a pre-registered mobile phone or office phone.
