Improves your Presentations and Meetings

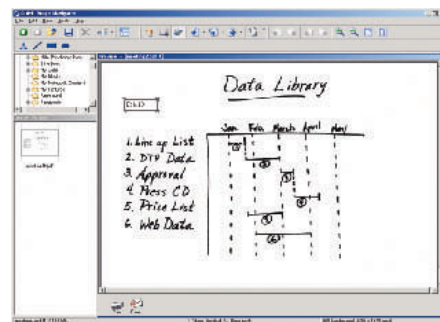

PC Interface

Quick Image Navigator

Scanned data can be quickly displayed and edited. All information can be organized into folders for easy management, and the contents of the folders can be checked by viewing thumbnail displays. You can easily edit, print or distribute the scanned data.

Printer Driver

The Panaboard can also work as a PC printer. In a meeting, if you need to print out some documents, the Plug & Play of USB makes it easy to print out documents from the Panaboard.

1 Screen can also be used for the Projector. (UB-7325)

TWAIN Driver

By just one click, you can scan the image on the Panaboard screen as image data to your computer and from your computer, you can control the

Panaboard function just like operating the Panaboard control panel.
