

MAXHUB

Your **All-in-one** Interactive
Conference Solution for Business

MAXHUB X3

Conference Flat Panel

MAXHUB X3 Conference Flat Panel is an innovative efficient office equipment, with writing, presentation, and collaboration functions. Through breaking the barriers of conventional meetings and cooperation, MAXHUB X3 makes your work efficient and collaborative by wirelessly connecting multi-terminals and multi-person.

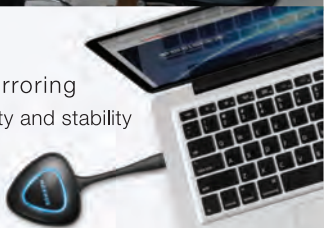

Multi-screen interaction
eliminates the cable limitation

MAXHUB X3 brings you convenient connection and presentation. You can share photos and documents on the big screen wirelessly through PC, smartphones, and tablets. Control the big screen at your seat with aforementioned mobile devices. Every presentation and communication experience is beyond imagination.

- Touch and share, mirroring can be done through mobile devices
- Double-directional operation creates flexible and efficient interaction

Real time mirroring
with fluidity and stability

Intelligent writing frees your imagination

P-cap and EMR combined touch technology gives you enjoyable and delightful writing experience. Intelligent and user-friendly graphic and table assistant design satisfies your efficient writing needs.
