Chinese Menu Display Support

Easy operation especially for the elderly

When you program the unit, the LCD on handset will guide you step-by-step in Chinese.

Talking Caller ID^{*1*2}

Identify the caller without looking at the handset

The handset notify you of caller's phone number with a voice, so that you know who is calling without having to go to the phone to view the display.

This is convenient because you can predict who should answer the phone.

Nuisance Call Block^{*1} with Dedicated Button

Reduce unwanted calls such as telemarketers

Nuisance Call Block allows you to block calls from unwanted numbers, such as telemarketers and free phone number prefixes. The current number can be easily registered to the call block list by pressing the dedicated

Call Block button while the phone is ringing or during a call.

The KX-TGD51 series can block as many as 250 registered numbers. This feature helps to keep your fun times from being interrupted.

Call Block Button

Full Duplex Speakerphone

Do something else while talking

You can talk with your hands free which is convenient when you need to take notes or use your computer, etc. Also everyone around you can join the conversation.
